

## Testing User Stories

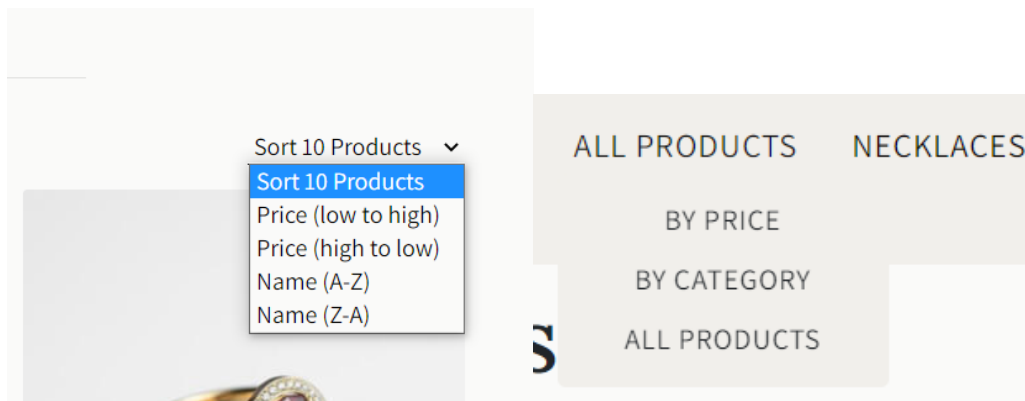

### As an user, I want to be able to:

1. See all products listed with pictures and their price, so I can decide what to choose

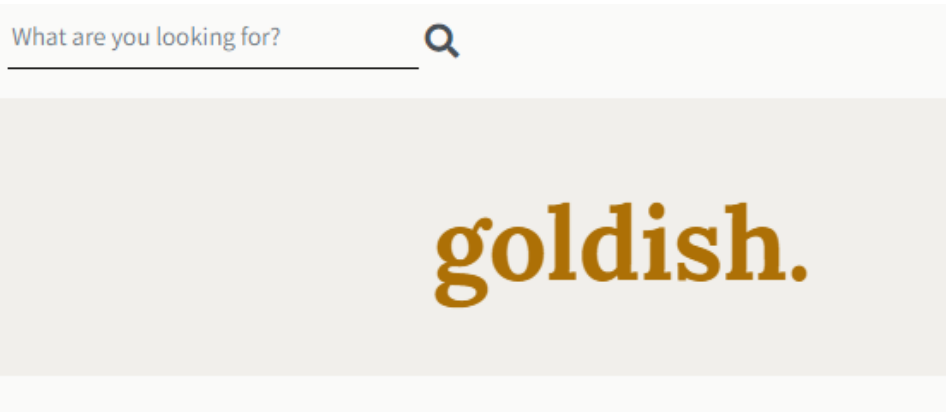

2. Filter through the products by category, price or name, so I can easily find the right product for me

On the all products page in the top right corner, you can sort the product by price and name. In the navbar you can also choose to sort the products by price or category.

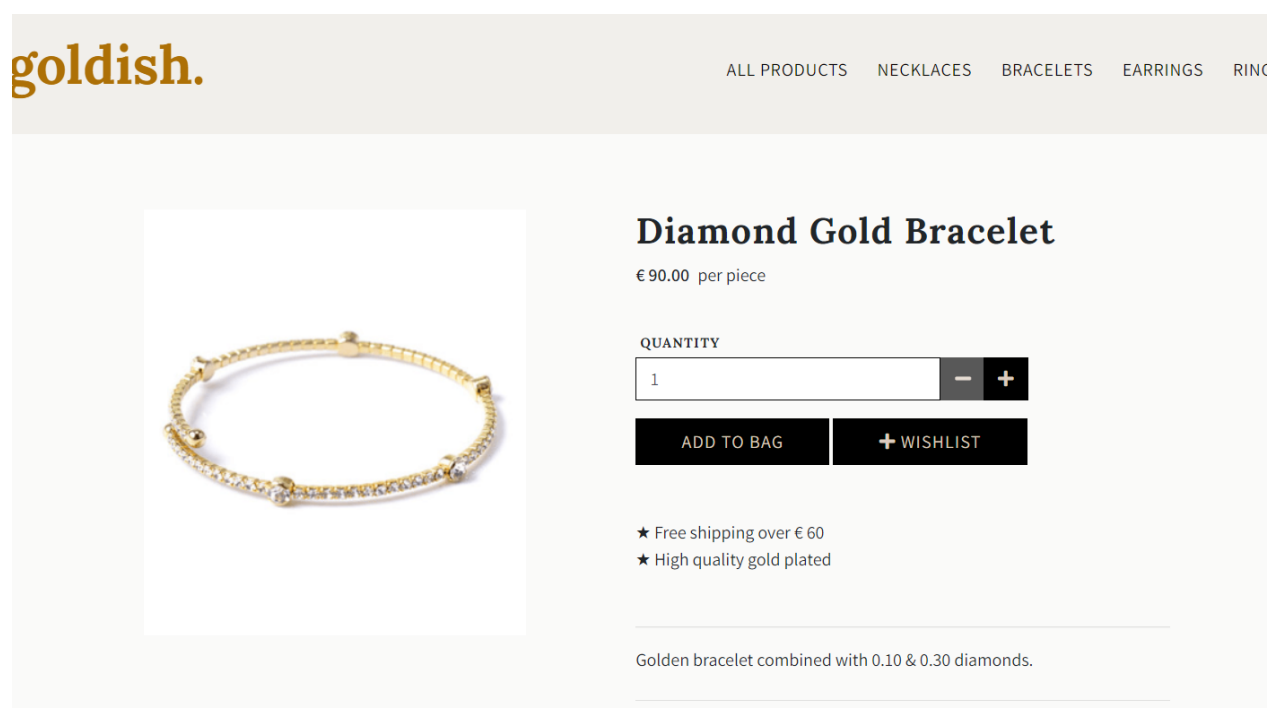

3. To use a search query, in order to find a specific product

In the top left corner of the website, you can type in your search query.

#### 4. See all the product details and reviews of an individual product, in order to understand if the product is worth purchasing

When you click on the picture of a specific product, you will be redirected to their product detail page with all their details and reviews at the bottom of the page.

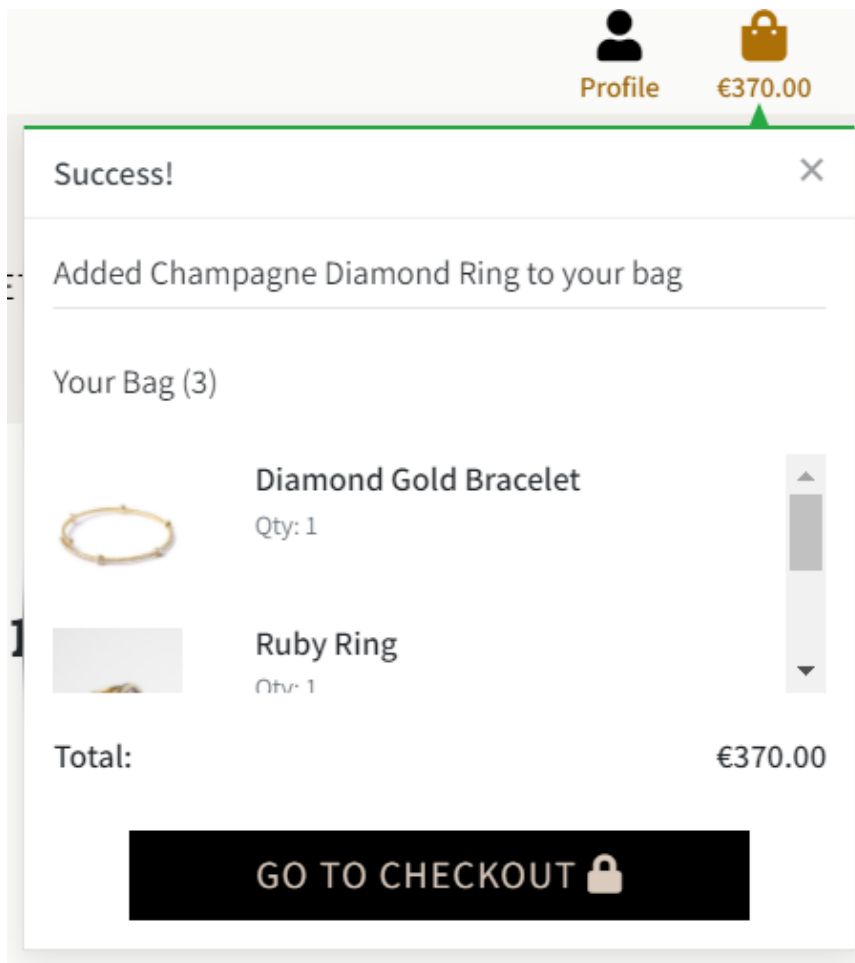

#### 5. To easily select a product to purchase

(previous user story screenshot)

When clicking on 'Add to Bag', you immediately add it to your bag and can continue shopping.

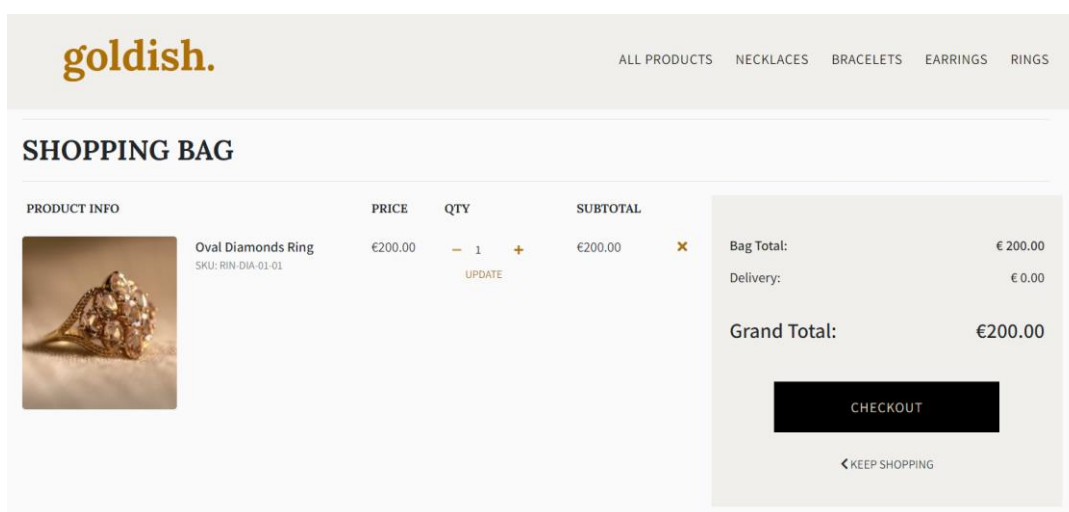

#### 6. Get real time feedback on my actions on the website

A toast pops up under the bag icon in the top right corner informing the user on their actions or errors.

## 7. View my bag and total costs

When you click on the bag icon in the top right corner, you can find your bag with all the selected products and the total costs

8. To update my bag anytime, in order to delete a product or update the quantity of a product

On the bag page, you can delete products by clicking on the 'x' icon and update quantity clicking on the + and – buttons and then clicking on update, in order to update the subtotal and grand total.

(screenshot user story nr. 7)

## 9. Proceed to a secure checkout, in order to make a safe purchase

Once you click checkout on the bag page, you come out on the checkout page where the users fill in their details and card details. When they continue, an overlay appears with a model where they will be redirected to their bank to complete the payment.

**As a first time user, I want to be able to:**

**1.Easily create an account on the website in order to get access to features for registered users**

When you click on the profile icon in the top right corner, you click on the nav link 'register' and you will get a form to register.

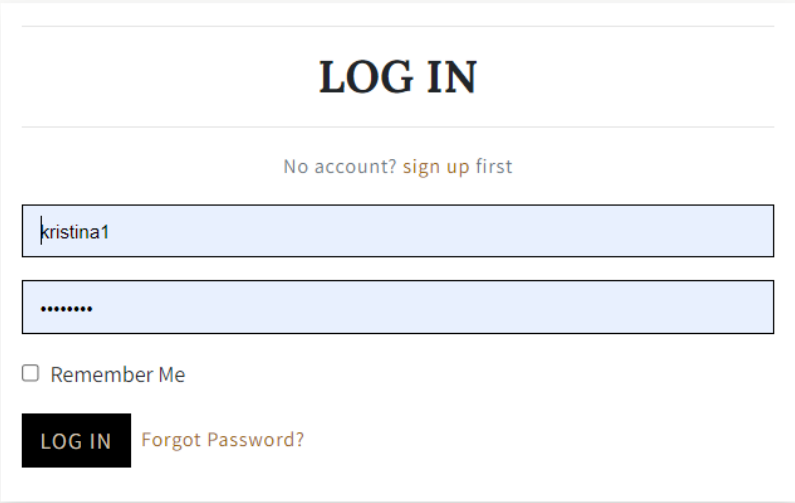

A sign-up form titled "SIGN UP" in a large, bold, black serif font. Below the title are five input fields: "E-mail address", "E-mail address confirmation", "kristina1", a field with seven dots, and "Password (again)". A black "SIGN UP" button is centered below the fields. At the bottom, it says "Already have an account? [Log in](#)".

**As a returning user, I want to be able to:**

**1. Easily log in to my account**

When you click on the profile icon in the navbar and then on 'Login', you will find the following form to log in.

A login form titled "LOG IN" in a large, bold, black serif font. Below the title is a link: "No account? [sign up first](#)". There are two input fields: the first contains "kristina1" and the second contains seven dots. Below these is a checkbox labeled "Remember Me". A black "LOG IN" button is to the left of a link "Forgot Password?".

**2. Keep track of all my previous orders, in order to check past orders and retrieve the order number**

When you click on the profile icon, and then 'My Profile', you will find the order history on the right side. When you click on the order number it will redirect you to a past order confirmation.
